

Will half term leave you struggling for food?

We're here to help on 0300 303 4933

The MK Food Bank and Milton Keynes Council have joined forces to provide thousands of food parcels to MK families during COVID-19 through **MK Food Bank Xtra**.

If you have school age children and will be without enough food over the half term break, call us – even if you've not usually eligible or have already had the maximum number of parcels we can typically supply.

We're also donating a FRUIT BOOST so every parcel will include fresh fruit.
